

尾張旭市 地震ハザードマップ Earthquake Hazard Map

凡 例 Legend

○ 一時避難場所 (Temporary Evacuation Sites)

Temporary evacuation sites indicated to immediately protect the lives of residents from the immediate dangers of disasters.

■ 指定避難所 (Designated Evacuation Shelter)

Evacuation shelters are opened when a disaster causes extensive damage and it becomes necessary to evacuate and house residents for a certain period of time.

■ 二次的避難所 (Secondary Designated Evacuation Shelter)

Disaster and Earthquake Evacuation shelters will be opened at the discretion of the Disaster Control Headquarters. When the number of evacuees is likely to exceed the capacity of elementary and junior high schools, these shelters will be available.

福祉避難所 (Designated Evacuation Shelter for the most vulnerable)

Evacuation shelters for persons who need special assistance and support during evacuation (bedridden elderly, people requiring nursing care, people with disabilities, etc.)

□ 指定避難所 (Designated Evacuation Shelter)
